OBJECTIVE

To acquire a career in the technical field of software development, preferably using Microsoft languages such as C or C++.

EXPERIENCE

Technology Student Association (TSA)

March 2015 - March 2016

Competitions for biotechnology and graphic design

I was joined in TSA for 9th and 10th grade, both times competing in biotechnology, the second time competing in graphic design; winning top 10 in the state for each during both years.

Future Business Leaders of America (FBLA)

August 2016

Banner design

I was joined in FBLA in the beginning of the school year, during which I designed a banner for the school team. I was previously in a point of leadership in the club but ultimately decided to drop out due to lack of qualification.
